SUICIDE IS ADVICE FRIENDS GIVE CHISOLM

Police Believe Cashier Will Act Upon Counsel.

WATCH PRISONER'S MOVEMENTS

Council of Alabama City Likely To Pass Ordinance Forbidding Operating of Bucket Shops, and State Legislation Is Planned.

Birmingham, Ala., Aug. 16.—It is the belief of the United States officers that Alexander Chisholm will never live to stand the trial for stealing $100,000 from the First National bank.

The marshal here has deputies watching Chisholm all the time to prevent his attempting his own life, for it is positively known that he has been advised on more than one occasion to end his life. Chisholm will not be able to make bond, and the marshal has him in custody, keeping him at the hotel, where two men guard him day and night.

The books of Gilber & Clay, local brokers, with whom Alexander H. Chisholm, defaulting paying teller of the First National bank, is alleged to have squandered $38,000 of the bank's funds in speculations, have been taken over by Assistant United States District Attorney A. L. Steele, who is prosecuting this firm and another for their alleged connection wit hthe defalcation by which the bank is the loser of $97,000.

A warrant is out for P. G. Smith, manager of Doster & Co., brokers, charging him with aiding and abetting Chisholm's embezzlement, but he has not yet been arrested, being on a pleasure trip to the east. Chisholm is alleged to have squandered $71,500 of the bank's money with this firm.

W. L. Sims, manager for Gilbert & Clay, and C. M. Hays, his clerk, who were arrested, are out in bonds of $50,000 and $10,000 respectively. Chisholm is in the custody of two deputy marshals, not having yet made bond. His bond was fixed at $50,000. His preliminary trial, and that of the brokers, has been fixed for next Monday before Commissioner Watts.

An ordinance was introduced at the meeting of the aldermen Tuesday night prohibiting exchanges or bucket shops in Birmingham after Oct. 1. It was introduced by Henry B. Gray, candidate for lieutenant governor, and he has assurances from all the aldermen that they will vote for it. This action grows out of the Chisholm trouble. It has also been announced that a bill will be introduced at the next session of the legislature similar to the Georgia bill prohibiting exchanges and bucket shops in the state of Alabama. Every candidate in this county has promised to vote for such a measure.

Bank's Solvency Unaffected.

Washington, Aug. 16.—The acting comptroller of the currency received a telegram from the bank examiner at Birmingham, Ala., stating that the defalcation in the First National bank of that place will not exceed $100,000, and that the solvency of the bank is not affected by the loss.

Legislation Against Use of Red Cross.

Washington, Aug. 16.—Antiseptic barber shops, pharmacies and patent medicine manufacturers throughout the United States will be compelled to quit using the Red Cross as a trademark if the convention agreed on at the recent international Red Cross conference in Geneva is lived up to by the United States. This convention provides that each of the signatory countries shall do all in its power to bring about legislation preventing the use of the Red Cross insignia for any sort of commercial purpose.

FACE PEONAGE CHARGE.

Foremen of A. & B. Construction Company on Trial.

Columbus, Ga., Aug. 16.—A. Q. Campbell, superintendent; A. L. Bradshaw, general foreman, J. D. McElroy, J. Eason, formen, and William Matthews, commissary, of the Atlanta and Birmingham Construction company, contractors, who are building the Atlanta, Birmingham and Atlantic railroad, were arraigned before United States Commissioner Nathan A. Brown, in Columbus, on the charge of peonage.

The complainants in the case are a party of laborers who were brought from New York about six weeks ago, going by steamer to Brunswick and thence by rail to Talbotton. They have been since working on the Atlanta and Birmingham railroad near Talbotton at $1.50 per day. Some of them became dissatisfied. They claim that they were told that they would be put on the chaingang if they did not work long enough to pay back the transportation expenses before leaving.

One witness said he saw a man whipped in camp because he would not work. Another said he was told that if he tried to leave the train while enroute to Talbotton and escape he would be shot, but this assertion was not supported by other testimony.

The defense of the contractors has not yet developed. They say the charges are untrue. A secret service officer of the government has been working upon the case for two or three weeks. District Attorney Carter Tate is conducting the prosecution, while Walter T. Colquitt, of Atlanta, and J. J. Bull, of Talbotton, represent the defendants.

Operator Killed at Telegrapher's Key.

Richmond, Va., Aug. 15.—Stewart Battalie, a telegraph operator for the Atlantic Coast Line railway at Acree, near Petersburg, was instantly killed by lightning. He was at the operating table when there was a vivid flash of lightning, followed by a terrific thundercrap. A few minutes later he was found sitting at the table, his head thrown back and his right hand near the key of the instrument. Examination proved him dead. His death was instantaneous. The table at which he had been working was wrecked and all the wires running into the station were damaged.

Alleged Forger Arrested.

Detroit, Mich., Aug. 16.—A special from Lansing, Mich., says Harry J. Cowley, a broker, of that city, and a member of a prominent family there, was arrested Tuesday on the charge of implication in the forgery of certificates of stock in the Union Pacific Railway company. Mr. Cowley denies any connection with, or knowledge of a forgery, and declares that what Union Pacific stock he has been possessed of he bought in good faith.

15 Miles of Dead Herring.

Boston, Aug. 16.—Dead herring, covering an area of over 15 miles, were reported by Captain Anderson, of the Danish steamship Texas, which arrived Tuesday from Copenhagen. The fish were floating on the eastern edge of the banks and the steamer plowed through them for an hour and a half. A battered dory floating in the midst of the fish led the captain to believe that some heavey laden fisherman may have foundered.

Palace Will Be Rebuilt.

San Francisco, Aug. 16.—Lady Florence Eskith, daughter of the late U. S. Senator William Sharon, of Nevada, has given notice through her London solicitor that she will not help in the rebuilding of the Palace hotel. The other Sharon heirs, however, announce that the Palace will be rebuilt. Architects are already studying plans for the new Palace hotel.

Death by Natural Causes.

London, Aug. 16.—The inquest on the body of Mrs. Craigie, resulted in a verdict of death by natural causes. The surgeon, who performed the autopsy, testified that he found evidence of weakness of the heart muscles. He expressed the opinion [illegible]

WOMAN ATTACKED BY BLACK BRUTE

Whole Community Is Greatly Excited.

NEGRO SUSPECT IS CAPTURED

Young Wife of Truck Farmer Near Battle Hill, a Suburb of Atlanta, Fought Desperately for Her Honor. Dogs and Posse in the Chase.

Atlanta, Aug. 16.—A negro who was caught by the posse near Battle Hill is being brought into town and will be held suspected of the assault of Mrs. Hembree.

Mrs. Richard Hembree, wife of a Battle Hill farmer, was robbed, dragged to the woods and attacked early Wednesday morning by a negro.

Mrs. Hembree, who is a strong woman, struggled with the negro, and he frightened, ran away before he could accomplish his purpose. Then she sank into unconsciousness.

When she revived a few minutes later, her screams brought several men of the neighborhood to the scene. Mrs. Hembree was borne home, and bloodhounds having been pressed into service, the citizens, with the county police and two sheriff's deputies, got on the trail.

The negro, however, had a good lead during Mrs. Hembree's unconsciousness, and the dogs, for some reason, were unable to strike a trail.

Chief Turner, of the county police, is of the opinion that this negro is the same one who several weeks ago attempted an assault upon Miss Baird on Simpson street beyond the city limits.

Mrs. Hembree, although hysterical, and in a highly nervous condition, will recover.

Mr. Hembree owns a truck farm in what is known as Latham's settlement, beyond Battle Hill. It was about 7 o'clock when Mrs. Hembree left home on her way to town.

Between her house and the public road which leads to Atlanta, there is a dense strip of woods, well suited, in its loneliness, for the unspeakable crime committed Wednesday morning.

Mrs. Hembree passed through these woods, and had just emerged upon the road. The negro, who had been walking up the road, saw her and called on her to stop. He saw her pocketbook.

"Have you any money," he demanded.

Too frightened, and too much alone to offer any resistance Mrs. Hembree promptly surrendered her pocketbook, glad to escape with no worse treatment from the negro.

He took the pocketbook, opened it, and slowly counted the money. There was about $3 in the pocketbook. This he put in his pocket. Then he handed the empty pocketbook to Mrs. Hembree.

She, too frightened to say a word, took the pocketbook, or rather extended her hand for it. This gave the negro his opportunity.

He grasped her wrist with one hand, and with the other clutched her throat. Then he dragged her, resisting him as best she could, across the road and far into the woods, where all view from the road was cut off.

It was several minutes before Mrs. Hembree revived sufficiently to remember what had happened. Then the full horror of the situation came upon her. She cried at the top of her voice.

Her cries were heard at the Hembree home, and the alarm was given. In a very few minutes twenty men had arrived on the scene. They found Mrs. Hembree bloody from the choking the negro had given her, and her clothing was almost torn from her body.

ASSAULTS GIRL WITH KNIFE.

Negro Makes Diabolical Assault on Young White Woman.

Greenwood, S. C., Aug. 16.—One of the most diabolical attempts at criminal assault possible was made Tuesday [illegible]

J. F. Brooks, a prosperous merchant and farmer near this place, by a negro named Bob Davis.

Brooks had absented himself temporarily, leaving the young lady in charge of the store. The negro, after making some purchases, grabbed up a meat knife and said:

"You are what I want."

Seizing an iron bar, the young lady made an attempt to defend herself, whereupon the negro slashed her across the throat, making a gash 4 inches long and almost severed two of her fingers.

A posse of 1,000 men is in pursuit of the negro, and if caught, he will probably be lynched. Davis' brother was lynched 12 years ago for assaulting a white woman.

About an hour after he cut Miss Brooks' throat, the same negro assaulted a negro woman.

Shot Through Heart; Still Lives.

Birmingham, Ala., Aug. 16.—A special from Hattiesburg, Miss., to the News, says that with a bullet hole straight through his heart and another through his temple, entering at one side of the head and coming out at the other, Charles Williams, a negro of this city, has survived for three days and the prospects are that he will eventually recover. He was shot by another negro in a crap game Sunday, the wounds being inflicted by a 38 caliber revolver fired at a short range. Williams fell over as though dead. The undertaker was telephoned for, but a surgeon beat the funeral man to the scene and when the dead wagon arrived, the wounded negro was able to sit up and take notice. Since then he has been eating heartily and the physicians venture the opinion that he will recover if no unforseen complications arise.

Printers Urge Continuation of Fight.

Colorado Springs, Aug. 16.—Reports of committees and the nominations of cities in the race for the next national convention were the matter of business before the International Typographical union Wednesday. The principal interest in the committee reports centers in that of the 8 hour day committee, which urges the continuation of the fight for the 8 hour day now being waged throughout the country in cities where a longer day is in force. The selection of the next meeting place will occur Thursday, the cities in the race being Vicksburg, Miss., Hot Springs, Ark., Springfield, Ill., Scranton, Pa., Richmond, Va., and Baltimore, Md.

Boll Weevil in Mississippi.

Birmingham, Ala., Aug. 16.—A special from Hattiesburg says that the declaration that specimens of the true boll weevil had been discovered on cotton plantations, 5 miles south of Hattiesburg, and has aroused no little excitement among the planters and cotton factors. The identity of the insect is vouched for by W. E. Clark, who resided in Texas many years and is familiar with the weevil and declares that the insects now ravaging the farms in Perry county is the genuine article. The pronouncement of Professor Bamberge, the expert stationed at Jackson, on the Perry county insects, is awaited with keen interest.

American Arrested in Russia.

St. Petersburg, Aug. 16.—Professor George H. Blackeslee, of Clark university, Worcester, Mass., who was accompanied by M. N. Lubeskey, a newspaper man, was arrested near Volokamsk as a suspicious character, although he had a certificate of identity from the American consul-general, Mr. Smith, of Moscow, and was on the point of being sent to Volokamsk when he was released by order of the governor-general. Professor Blackeslee is one of a number of American gentlemen who are traveling in Russia studying the political, social and economic conditions.

Englishman Fined for Hissing Flag.

Bayonne, N. J., Aug. 16.—James Pierce, an Englishman, was fined $25 in police court for hissing the American flag during the performance at a theatre. The judge who imposed the fine was a member of the audience. Pierce's action in hissing the story and arises as they were sung by a boy [illegible]

GEORGIA LEGISLATURE PASSES INTO HISTORY

General Assembly Passes Out of Existence.

WILL BE NO LIEUT-GOVERNOR

Bill of Senator Wheatley Met Final Defeat at Hands of Representatives. Felder Substitute Was Also Sent to Its Grave.

Atlanta, Aug. 16.—Wednesday was the concluding day of the annual session of the general assembly of the state of Georgia. The senate and house adjourned sine die, and the present legislature has passed into history, this being the record year of the terms of the members.

Citizens of Georgia will not be called upon to vote for or against the ratification of the proposed amendment to the constitution creating the office of lieutenant governor, for that measure went down in defeat in the house despite the game fight made in its favor by Messrs. Anderson of Chatham, Wright of Richmond, Wright of Floyd and others.

The substitute of Mr. Felder to amend the constitution so as to provide a complete line of succession in the event of the governor at a time when there is no president of the senate or speaker of the house, certain state house officers being named as successors, met with a like fate, each bill requiring a constitutional majority of 117 votes, while one received only 85 votes, the other 82.

The house amended the senate amendment to the Jamestown exposition appropriation bill, providing that the additional six commissioners provided by the senate amendment should pay their own expenses.

This suggestion was made by Mr. Russell, of Muscogee, the author of the resolution.

The resolution was returned to the senate and the house amendment concurred in, and the resolution is now ready to be transmitted to the governor.

Mr. Russell, who has conducted the whole fight in behalf of this measure, which means so much to the state, was warmly congratulated by his fellow members.

The house concurred in amendments of the senate to a number of house bills, and a number of senate bills were passed.

The resolution for an investigation of the Soldiers' Home was adopted, also the report of the special committee recommending that there be no further investigation of the charges of official misconduct preferred against Judge John H. Martin, of the Oconee circuit.

The house refused to entertain the resolution of Mr. Perry, of Hall, for the appointment of a joint committee of the house and senate to investigate the state railroad commission.

Investigation Is Ordered.

San Francisco, Aug. 16—The Call says that Major General Leonard Wood, U. S. A. has summoned a commission to the Philippines to investigate the conduct of certain army officers on duty in the Philippines. He is keeping secret the plans of his investigation and even the members of the commission declare they do not know what they are to do. They will receive their instructions when they land at Manila.

Clark Is Assessed a Million.

Butte, Aug. 16.—The board of equalization Tuesday arbitrarily assessed Senator W. A. Clark $1,000,000 for his stock in the San Pedro Railroad, $2,440,000 on his United Verde mine, and raised his bank assessment $649,000, making an increase of more than $4,000,000. The senator had been summoned to appear before the board but did not appear through agent or otherwise.

BYRON SHACKELTON WAS FOUND DEAD

Expired Some Time During Wednesday Night in His Shop.

WAS POPULAR WITH FRIENDS

While His Circle Was Limited, Owing to the Fact That He Did Not Cultivate Acquaintance, Those Who Knew Him Esteemed Him Highly.

Byron Shackelton, a painter, paper hanger and decorator, well known in this section in his line, was found dead upon the floor of his shop on East Main street S. at an early hour Thursday morning, by John Bennett.

Mr. Shackelton had been in Gainesville for nearly two years. He at first worked as a wage-earner, but later went into business for himself, which he has since conducted in a profitable and satisfactory manner. He was a native of Michigan, but nothing is known of his family, as none of his friends and associates here ever heard him speak of them. He was apparently a man of fifty years of age, always neat in his dress and personal appearance, and little known except in a small circle, because, as he often declared, he "let other people's business alone, because his own was all he could attend to." In looking over his effects in his room at the boarding-house, however, a letter of recent date was found, the author of which was Chas. Caldwell of Napa, California, which indicated that Mr. Caldwell was a half brother of deceased. It was a letter filled with expressions of love and friendship, and wishes for the success of the deceased. The letter began, "My dear brother," and was signed, "Your 'bud,' Chas. Caldwell."

Deceased was walking along West Main street S. on Wednesday afternoon, when he fell near the corner of Masonic street. He acted queerly, and was picked up by passing pedestrians and taken to his shop, where he was made comfortable on a workbench. He had the presence of mind to thank those who had so generously assisted him, and assured them that he had only had a fainting spell, and would be all right in a short time. With this remark he dismissed those about him, who left him resting easily and in a comparatively fine humor.

It has been intimated that deceased came to his death from alcoholism, but those who knew him best and were more intimately associated with him state that he was not a man regularly addicted to alcohol. It was very seldom that he was found drinking, and it is said by his friends that it was almost a certainty that he did not meet his death in that way. It is a mystery which may never be known, but it may be possible that his death came from the excessive use of some drug.

Coroner Colman was notified of the death. He visited the place and viewed the body, but decided that an inquest was unnecessary. The remains were turned over to the Thomas Undertaking Company, and were prepared for burial. The funeral was held Thursday afternoon at 3 o'clock, Rev. T. J. Nixon of the Methodist church officiating.

When searched the trousers pockets of deceased contained $7, and it was afterwards ascertained that he had on deposit in the bank of H. F. Dutton & Co. $50. By order of County Judge Mason, Sheriff L. W. Fennell was appointed curator of the estate, which enabled the immediate use of this money for burial purposes.

Deceased, while not widely known, was popular with those with whom he was acquainted. While nothing is known of his family, it could be readily seen that he was a man of refinement and culture, and that he emanated from a good family. He was always prompt in the payment of his financial obligations, and investigation showed that he did not owe a dollar in the city. He was a fine workman, and was always busily engaged.

Attention, R. A. M.

The regular convocation of Gainesville Chapter No. 2, R. A. M., will be held this evening at 8 o'clock in Masonic Hall. The R. A. Degree will be conferred. Visiting sojourners will receive a hearty welcome. By order of R. A. McCLELLAN, H. P.

Mistakes of Authors.

The author of "Don Quixote" makes the party at the Crescent tavern eat two suppers in one evening. Scott in one chapter of "Ivanhoe" gives the Christian name of Malvoisin as Richard, subsequently altering it to Philip. Pope makes a weasel eat corn. Kingsley makes John Brumblecombe read the prayer for "All sorts and conditions of men," though in the time of Elizabeth the prayer book did not contain it. Sir Archibald Allison speaks of "Sir Peregrine Pickle," when he means Sir Peregrine Maitland, and the same author translated "droit de timbre" as timber duty "a howler," which is only equaled by Victor Hugo's translation of "Firth of Forth," "premier de quatre."—London Academy.

Hard Praying.

This story is told by a clergyman of North Carolina: "An old colored man stole a pig and after getting home with the animal knelt to pray before retiring. His wife heard him praying to the Lord to forgive him for stealing the pig. She went to sleep with Uncle Eph still praying. Later in the night she woke up and saw her husband still kneeling in prayer. At daybreak his supplications had not ceased. 'Eph, why don't you come to bed?' asked his wife. 'Let me 'lone, 'Riah; de mo' I tries to 'splain to de Lord how I come to steal dat pig de wusser I gits mixed.'"—Buffalo Commercial.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Rome's Triumphal Crown.

The triumphal crown of Rome was made of laurel leaves and was given to the general who achieved a great victory over an enemy. He entered the city not by a gate, but over a portion of the wall which was thrown down to afford a passage. At his funeral his laurel crown was placed in his bier and buried with the body.

THE ALAMEDA.

A Famous Park That Is the Pride of Mexico City.

Nearly every city thinks its own parks the most beautiful on the face of the earth. This pride it is that has given to Europe and America their magnificent recreation and pleasure grounds. The German points with pride at the Thiergarten in Berlin and cries, "Match it if you can!" Whereupon the Parisian and the Londoner act the showman, with a wealth of gestures, proclaiming their own achievements.

The New Yorker has his Central park shrine, with which Belle Isle, at Detroit; Fairmount park, at Philadelphia; Shaw's gardens, at St. Louis; Lincoln park, at Chicago, and a hundred others are constantly being compared. With such a host of competitors for world honors it would be a bold person who would claim for Mexico City's Alameda the first place. It can at least be said of the park, however, that it stands at the head in a land of riotous flowers and tropical growths.

We Americans who have heard a hundred times of the Alamo, at San Antonio, Tex., may associate that name with the Alameda, for alamo is the Spanish word for poplar, the tree that was first planted extensively in the Alameda. Just twenty-eight years before the landing at Plymouth rock the viceroy of Mexico, Don Luis de Velasco, asked that a sum should be appropriated by the city for making pleasure grounds.

The market place of San Hipolito was the most convenient for that purpose, so changes were immediately made, trees planted, fountains erected, flowers set out and a high inclosing wall built that was pierced by gateways. West of this park extended an open space known by the significant name of Plaza del Quemadero, or burning place. Here rose a broad stone platform where the victims of the inquisition were burned.

About the time of the American Revolution this torture platform was removed and the open space added to the Alameda, resulting in a tract containing some twenty-two acres, being nearly 1,500 feet long and about half as wide. Miles of walks wind in and out among the shady nooks and pass in their meanderings a garden for birds and playgrounds for children, as well as numerous statues and figures.—Modern Mexico.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. MAJ. D'PASS' FUNERAL.

Was Held at Micanopy, Thursday Afternoon—Large Crowd Present.

The funeral of Major S. C. DePass, father of Dr. M. H. DePass, who was drowned while fishing in Saw Grass lake, near Archer, on Tuesday afternoon, was held Thursday afternoon at the Micanopy cemetery, Rev. A. M. Daiger, the Methodist minister, assisted by Dr. Waddell, pastor of the Presbyterian church, officiating

The funeral was largely attended, the deceased being well known and popular throughout this section. The services were held at the cemetery, as the home of Dr. Depass, owing to the large number who desired to attend, could not accommodate the crowd. Among those present was a committee from Gainesville Lodge No. 990, B. P. O. E., of which Dr. DePass is a member, comprising W. E. Dow, W. L. Hill and E. G. Baxter. This committee, together with Dr. Clyde Carter and J. R. Fowler, made the trip in Mr. Fowler's automobile, returning to the city about six o'clock.

It was to be regretted that Major DePass' wife could not be present, but inasmuch as she was in Connecticut and it was difficult to reach her by wire, she was not notified until too late to come to the funeral. The sympathy of her friends is extended.

The funeral was one of the most largely attended in this section for several years, friends coming from every section of Alachua, Levy and Marion counties, which exemplified the popularity of the deceased.

HAS A NEW JOB.

Jesse Goss, Formerly of Gainesville, Has Secured New Position.

The friends of Jesse H Goss, who for the past five years has been in the insurance business in Chicago, will be glad to learn that he is prospering. He has accepted a position as traveling special salesman for the Standard Oil Company and will make his headquarters at Des Moines, Iowa

The friends of Mr Goss feel confident that he will make a big success of his new position, as he is a hustler.

Will Have Fine Trip.

Alderman and Mrs H. E. Benson expect to make their departure in a day or two for points in New York. They will spend a week or ten days in New York City, from whence they will proceed to Malone and points in the famous Adirondack mountains of Northern New York. They will also visit the Thousand Islands and other prominent resorts, probably returning via Vermont, the former home of the Bensons.

Alderman Benson is chairman of the Sanitary committee of the City Council, and during his absence the duties of this committee will be under direction of Alderman J. Harrison Hodges.

THE BUILDING CONTINUES.

W. N. Wilson Will Erect Two Nice Residences on West Magnolia.

And still the building goes on. The carpenters and mechanics are busy in every section of the city, without signs of abatement, but instead the prospects of an increase in the demand for labor.

Contractor N. W. Malphurs stated Thursday to a Sun representative that W. N. Wilson, who owns nice property on West Magnolia street, between Pleasant and Arredondo, would soon begin the erection of two handsome and modern cottages on the premises. The cottages will be two stories, and will contain seven rooms each. The material has been ordered, and the lumber will be upon the ground as soon as it is possible to get it there. That section of the city, as well as other sections west of West Main street, is building rapidly, and is destined to become a leading residence section.

POINTED PARAGRAPHS.

A compliment is always exaggerated.

The trouble with the marriage list is that it has to be revised so often.

About the only consolation found in growing old is that there is always one who is older.

These people with a great deal of assurance are quite often right, much as we dislike them.

Hatred of the rich is not modern. Remember the Bible story about Dives and Lazarus and how the rich man was punished?

Every man must be his own doctor and decide what is best in his case. The doctors and philosophers do not agree on anything.

A hen never tries to spread her wings over her grown rooster size son to protect him, but you will see mothers who haven't as much sense as the hen.—Atchison Globe.

The Russian Crown.

The crown used by the Russian czar resembles the dome formed patriarchal miter, which was a favorite shape among the Byzantines. Upon the summit appears a cross formed of five beautiful diamonds, which is also supported by a large spinel ruby, polished, but not faceted. This ruby and cross are supported by a foliated arch composed of eleven great diamonds and rising from the back and front of the base of the crown. On either side of this central arch is attached a hoop formed of thirty-eight large and perfect pearls. The spaces on either side of these arches are filled with leafwork and ornaments in silver, incrusted with diamonds, underlaid with the richest purple velvet. The band which forms the base of the crown is of gold and is ornamented with twenty-eight magnificent diamonds.

The Independent Farmer.

Buy a farm, young man. No matter how small it may be, buy a farm and prepare it so that your land will provide you a living. Twenty years from now the man who owns his own farm will be independent and will have at his command the means of a livelihood. The expansion of manufactures cannot go on forever, and there will come a day in this country, as there has in others, when the supply will exceed the demand and the only absolutely sure occupation will be farming. Buy a farm while one may be had.—Troy (Kan.) Chief.

I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

SEALED BIDS FOR SIDEWALK AND CURBING.

The Board of Public Works of the City of Gainesville, Florida, will receive sealed bids for the construction of sidewalks, curbing and gutter on East Main street, North, on the East side of said street from Mechanic street to Boundary street, on the West side from Liberty street to Boundary street. Mechanic street, on North and South sides, from Arredondo street East to Sweetwater branch. Liberty street, on North and South sides, from the East side of East Main street to Sweetwater branch, and Alachua avenue, on North and South sides, from Sweetwater branch East to Evans street.

Said sidewalks to be constructed of granolithic or vitrified brick, according to specifications, which may be procured of H. E. Tayler, Secretary pro tem, at the First National Bank of Gainesville. Bids will be received on or before the 19th day of September, 1906, at 3 o'clock p. m. of said day.

Secretary Board of Public Works of Gainesville, Florida.

Quality Did It!

The fact that SCHNAPPS is so widely imitated only proves that it is the best chew—the standard flat plug. Other plugs are made to imitate the size and shape and color of SCHNAPPS—other tags are made to look like SCHNAPPS tags—yet there are more pounds of SCHNAPPS chewed annually than all other similar tobaccos.

Schnapps

SCHNAPPS is made of only choice selections of well matured, thoroughly cured leaf, and in factories as clean as the cleanest kitchen, situated in the very heart of the greatest chewing tobacco growing country, by men of life-long experience in tobacco manufacturing, and who have directed the R. J. Reynolds Tobacco Company since 1875.

SCHNAPPS has the pleasing, appetizing aroma which created and popularized the fondness for chewing. Expert tests prove that it requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Internal revenue statistics show that SCHNAPPS and other of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

Be sure the letters on the tag and under the tag spell S-C-H-N-A-P-P-S, and you will have the genuine.

Webster and the Singers.

Daniel Webster was exceedingly fond of music, and when he was stopping at Willard's hotel in Washington he never ceased to implore the wife of a member of congress, also a guest at the hotel, for "just a little song." He had an old fashioned gallantry in speaking to ladies, and every time he saw the wife of his friend he complimented her most extravagantly on her voice. When Jenny Lind came to Washington Daniel Webster was, of course, among the audience. He had come in rather late from a champagne party and after each song of Jenny Lind's applauded most vociferously. Finally, rising to the pinnacle of enthusiasm, he stood up in the crowded hall and made one of his most gallant bows to the great singer. Then, catching sight of the lady whose voice he also admired, he turned to her, away from Jenny Lind, and made a still lower bow amid the laughter and applause of the audience.

REPORT OF SCHOOL BOARD.

The attention of our readers is called to the annual financial statement of the Alachua County School Board, which appears in today's Sun. Boiled down to a plain statement of facts, the report shows a net reduction of the indebtedness of the School Board during the past year of $4,676.06, the net indebtedness as shown at the close of the school year of 1905 being $44,703.05, as against $40,026.99 this year. We consider this an excellent showing for the indefatigable efforts of the County School Board and the able superintendent, Dr. J. L. Kelley. Dr. Kelley was elected upon his promise to reduce this indebtedness, and the result shows that he has been true to his promise. He has worked hard to get the affairs of the office in proper business shape and is justly entitled to the plaudits, "Well done, thou good and faithful servant."

All indications point to the fact that there will be represented at the State Fair, which is to be held at Tampa, November 14th to 29, an even greater number of counties than were represented at the Fair last year. Counties from every section of the State, owing to the arrangement of the premium lists, are preparing to compete for the large prizes offered, and a greater number will be represented than at any Fair in the history of the South. Our county should get busy and be represented by an exhibit that will attract the attention of the thousands of home-seekers from other States who will attend the Fair.

The habit of treating those who are nearest and dearest to us with discourtesy is one that clouds the sunshine of too many homes. If you are young and looking for your prince, just test his home conduct. Do not be guided in your choice by what a young man is in the parlor; find out what he is in his mother's sitting room. Do not judge him by the way he can tip his hat, but by the way he treats the old, especially his parents.

VIOLATING THE LAW.

The Sun has been requested to publish the State law against officials, both State, county and municipal, being interested in any contract or public work, which is as follows:

"CHAPTER 4020.

"An Act to Prohibit Officers From Bidding For or Entering Into Any Contract Which They Are or May Be Interested In the Letting, and Prescribing a Penalty For the Same.

"Be it Enacted by the Legislature of the State of Florida:

"Section 1. That it shall be unlawful for any commissioned or other officer of this State, or for any officer elected or otherwise of any county or incorporated town or city therein, to bid for or enter into, or be in any way interested in, a contract for the working of any public road or street, the construction of or building of any bridge, the erecting or building of any house, *or for the performance of any other public work* in which the said officer was a party to the letting.

"Section 2. Any person violating the provisions of this act shall be guilty of a misdemeanor, and upon conviction shall be confined in the county jail not exceeding one year, or fined not exceeding five hundred dollars, or both by fine and imprisonment, at the discretion of the judge.

"Section 3. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

"Section 4. This act shall take effect from and after its approval by the Governor.

"Approved May 10, 1901."

We are informed that members of the City Council interpret this statute as not applying to their furnishing supplies to the city of Gainesville. We advise any member, however, who has been interested in bills heretofore paid by the city for supplies of any kind whatsever to desist from furnishing supplies to the city hereafter, as the matter has been passed upon by the supreme court of the State in the case brought by Borr et al. against the commissioners of Dade county, in which Commissioner Sewell, who was president of a company which had been furnishing supplies to the county, was compelled, as a compromise, to furnish to the county all sums in excess of the actual cost of materials and supplies furnished. The law is plain, and any municipal officer who is in any way interested in a firm or corporation furnishing supplies to the city, of any kind whatever, violates the law and is subject to criminal prosecution. The supreme court has defined this law, and its definition is the highest authority.

The editor sat in his office whence all but him had fled, and he wished that ever last dead beat was in his grave—stone dead. His mind then wandered far away to the time when he should die, and his royal editorial soul go scooting to the sky; when he'd roam the field of paradise and sail o'er Jasper seas, and things glorious would combine his every sense to please. He thought how then he'd look across the great Gulf dark and drear, that'll yawn between his happy soul and those who swindled here, and when for water they would call, and in agony they'd caper, he'd shout to them: "Just quench your thirst with the due that's on your paper."—Exchange.

People take newspapers nowadays, read them and then throw them away. They never think what a source of pleasure and profit—or reminiscence and thought—a file or even a few numbers of such a paper would be to them twenty or thirty years afterwards. Pay for your papers and then keep them.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KNOCKING BRYAN.

The New York World, says The Tampa Times, is endeavoring to whistle down Mr. Bryan and wants to know—in a menacing and knocking tone—where the votes are to come from to elect him if he is nominated in 1908. There are two replies to this query. One is that whether or not Bryan is elected in 1908, the Democrat who goes to the polls and votes for him will feel a genuine and sincere pleasure in doing it, and there is something in that.

The other reply is that issues have changed since 1900, while the flood of money that bought the election away from Bryan will not be forthcoming in 1908. The votes for him may come from States which he never carried before. Take, for instance, Iowa. The Republicans of that State have just adopted a Bryan platform. Suppose the National Republican Convention of 1908 shall stand pat on the tariff, go back on the railroad regulation matter, give up the destruction of trusts as a conundrum, and otherwise fall short of the demands of the people. Where would Iowa be then? Right at the top of the Bryan column the morning after election.

How many of our readers can tell us what the stripes on the barber pole signify? You see the pole with its stripes and you know there is a barber shop back of the pole, but here the knowledge of the average person ceases. In the early days barbers did the bleeding for the community and surgeons were not as plentiful as now. The first thing thought necessary, way down to the time of George Washington's death, was that any patient shou'd be bled. Tap him, and take a few ounces of blood from him, no matter how weak he might be. When Washington was at the last gasp, the fools bled him. Well, the red stripes on a barber pole mean the red ribbon bandages that barbers bound over the wounds caused by bleeding people. That's all. When they got through with a plethoric man of full habit and had tapped him like a hard maple tree in February, he was patched up and bandaged till his arms, legs and trunks looked like a much-gartered leg.

SOLDIERS SHOOT INTO TOWN.

One White Man Killed and Another One is Wounded.

Brownsville, Tex., Aug. 16.—Because they had been refused privilege of drinking at bars with white customers, and several of them had been arrested for unseemly behavior on the streets, twenty negroes, members of a company of the Twenty-fifth infantry, at midnight Monday, went on a rampage, setaling away from the post, and entering Brownsville, firing several volleys down Main street. As a result Frank Natus, a bartender, is dead, a bullet from a Krag-Jorgensen rifle having pierced his heart, and Policeman Joseph Domingo is wounded in his arm and his hand shattered by a bullet and his horse shot from under him.

Twenty-three of the bullets entered the house of Louis R. Cowan, many went through the residence of F. E. Start and several bricks were shot from the walls of the Miller hotel near a window where guests were sleeping. After their depredations, the negroes returned to their quarters in the garrison.

The battalion at Fort Brown is composed of companies B, C and D, Twenty-first infantry.

Representations have been made to the governor and a request made that the negroes be removed immediately to avoid further trouble.

Will Send No Troops.

Dallas, Tex., Aug. 16.—Governor Lanham stated at 5 o'clock Tuesday evening that he would not send state troops to Brownsville. His latest information was that the negro federal troops who were guilty of the outrage at Brownsville are known to the federal commander and will be arrested and properly dealt with.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Twenty Murders Reported.

Warsaw, Aug. 16.—Attempts were made Wednesday in various streets to murder police officials. It is reported that 20 murders haye been reported to the authorities. At Wloclawek, Chief of Police Nirnomicz and Provincial Police Captain Pietro have been murdered.

Forest Fires Does Damage.

Bywabik, Minn., Aug. 16.—Several large forest fires are burning fiercely west and south of this place. Much damage has already been done. Many settlers have been forced to abandon their houses. Wild animals are invading the limits of the villages.

Thousands of Women

ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that it Really Does Make Sick Women Well.

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the female system, positively CURING disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), weakness, displacements, inflammation, ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

Crushes Man With Ax.

Jacksonville, Fla., Aug. 16.—An unknown man entered the home of Henry Davis, a prosperous farmer near Baldwin, struck him on the head with an ax as he was asleep beside his wife, then made a desperate attempt to criminally assault Mrs. Davis, who fought with the strength of a giantess, screaming lustily meanwhile for help. Finally other members of the family were aroused and the man escaped through a window. Mrs. Davis was besmeared from head to foot in blood from her wounded husband, who is in a critical condition. Mrs. Davis is also in a collapsed condition. A posse of neighbors has been out with dogs hunting for the fiend without as yet picking up the trial. Mrs. Davis says she could not tell whether the man was black or white. The entire neighborhood is greatly excited, and threaten speedy justice if the man is apprehended.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Believed To Be Miss Case.

Haverhill, Mass., Aug. 16.—It is believed here that Miss Asli Esac, the mysterious woman who has been seeking an interview with President Roosevelt at Oyster Bay, is Miss Isabel E Case of this city. Miss Case has been absent from her home here for some time. Miss Case has been interested in securing a pardon for a man serving a sentence in states' prison for manslaughter and she has been at the state house in Boston several times on that errand.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. D., writes: "I have used your wonderful Ballard's Horehound Syrup on my children for five years. Its results have been wonderful." Sold by W. M. Johnson.

Best Age World Has Known.

Warrensburg, Mo., Aug. 16.—In a speech here Tuesday Governor Joseph W. Fold, said in part: "We are in the beginning of the greatest moral awakening America has ever known. The next four years will be distinguished as the time in which the reign of lawlessness and privilege ended and equal rights for all became fixed in national policies and the conscience of mankind. The fact that the awakening against wrongs come when prosperity shows it does not proceed from a spirit of discontent, but springs from the moral sense of the people. We are entering upon the best age the world has known."

Oldest Fixed Date.

Chicago, Aug. 16.—Professor James H. Breasted, the Egyptologist of the University of Chicago, announced in an article published Tuesday that "the oldest fixed date in history," is 4241 B. C. In that year he says, the calendar was established, the year beginning on what would now be July 19. Consequently the calendar now in use was 6147 years old last month. The professor arrived at these conclusions during his long exploration trip in the Nile valley, when he compared the astronomical dates in the old and middle kingdoms of Egypt. Professor Breasted but recently returned from Egypt.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Edwards Has Almost Recovered.

Washington, Aug. 16.—Brigadier General Clarence R. Edwards, chief of the bureau of insular affairs, who is at Ft. Bayard, Mex., undergoing treatment for throat trouble, is reported to be almost recovered and will return to his duties in Washington about Nov. 1.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

REPORT OF SCHOOL BOARD.

The attention of our readers is called to the annual financial statement of the Alachua County School Board, which appears in today's Sun. Boiled down to a plain statement of facts, the report shows a net reduction of the indebtedness of the School Board during the past year of $4,676.06, the net indebtedness as shown at the close of the school year of 1905 being $44,703.05, as against $40,026.99 this year. We consider this an excellent showing for the indefatigable efforts of the County School Board and the able superintendent, Dr. J. L. Kelley. Dr. Kelley was elected upon his promise to reduce this indebtedness, and the result shows that he has been true to his promise. He has worked hard to get the affairs of the office in proper business shape and is justly entitled to the plaudits, "Well done, thou good and faithful servant."

All indications point to the fact that there will be represented at the State Fair, which is to be held at Tampa, November 14th to 29, an even greater number of counties than were represented at the Fair last year. Counties from every section of the State, owing to the arrangement of the premium lists, are preparing to compete for the large prizes offered, and a greater number will be represented than at any Fair in the history of the South. Our county should get busy and be represented by an exhibit that will attract the attention of the thousands of home-seekers from other States who will attend the Fair.

The habit of treating those who are nearest and dearest to us with discourtesy is one that clouds the sunshine of too many homes. If you are young and looking for your prince, just test his home conduct. Do not be guided in your choice by what a young man is in the parlor; find out what he is in his mother's sitting room. Do not judge him by the way he can tip his hat, but by the way he treats the old, especially his parents.

VIOLATING THE LAW.

The Sun has been requested to publish the State law against officials, both State, county and municipal, being interested in any contract or public work, which is as follows:

"CHAPTER 4020.

"An Act to Prohibit Officers From Bidding For or Entering Into Any Contract Which They Are or May Be Interested In the Letting, and Prescribing a Penalty For the Same.

"Be it Enacted by the Legislature of the State of Florida:

"Section 1. That it shall be unlawful for any commissioned or other officer of this State, or for any officer elected or otherwise of any county or incorporated town or city therein, to bid for or enter into, or be in any way interested in, a contract for the working of any public road or street, the construction of or building of any bridge, the erecting or building of any house, *or for the performance of any other public work* in which the said officer was a party to the letting.

"Section 2. Any person violating the provisions of this act shall be guilty of a misdemeanor, and upon conviction shall be confined in the county jail not exceeding one year, or fined not exceeding five hundred dollars, or both by fine and imprisonment, at the discretion of the judge.

"Section 3. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

"Section 4. This act shall take effect from and after its approval by the Governor.

"Approved May 10, 1901."

We are informed that members of the City Council interpret this statute as not applying to their furnishing supplies to the city of Gainesville. We advise any member, however, who has been interested in bills heretofore paid by the city for supplies of any kind whatsoever to desist from furnishing supplies to the city hereafter, as the matter has been passed upon by the supreme court of the State in the case brought by Burr et al. against the commissioners of Dade county, in which Commissioner Sewell, who was president of a company which had been furnishing supplies to the county, was compelled, as a compromise, to furnish to the county all sums in excess of the actual cost of materials and supplies furnished. The law is plain, and any municipal officer who is in any way interested in a firm or corporation furnishing supplies to the city, of any kind whatever, violates the law and is subject to criminal prosecution. The supreme court has defined this law, and its definition is the highest authority.

The editor sat in his office whence all but him had fled, and he wished that ever last dead beat was in his grave—stone dead. His mind then wandered far away to the time when he should die, and his royal editorial soul go scooting to the sky; when he'd roam the field of paradise and sail o'er Jasper seas, and things glorious would combine his every sense to please. He thought how then he'd look across the great Gulf dark and drear, that'll yawn between his happy soul and those who swindled here, and when for water they would call, and in agony they'd caper, he'd shout to them: "Just quench your thirst with the due that's on your paper."—Exchange.

People take newspapers nowadays, read them and then throw them away. They never think what a source of pleasure and profit—or reminiscence and thought—a file or even a few numbers of such a paper would be to them twenty or thirty years afterwards. Pay for your papers and then keep them.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KNOCKING BRYAN.

The New York World, says The Tampa Times, is endeavoring to whistle down Mr. Bryan and wants to know—in a menacing and knocking tone—where the votes are to come from to elect him if he is nominated in 1908. There are two replies to this query. One is that whether or not Bryan is elected in 1908, the Democrat who goes to the polls and votes for him will feel a genuine and sincere pleasure in doing it, and there is something in that.

The other reply is that issues have changed since 1900, while the flood of money that bought the election away from Bryan will not be forthcoming in 1906. The votes for him may come from States which he never carried before. Take, for instance, Iowa. The Republicans of that State have just adopted a Bryan platform. Suppose the National Republican Convention of 1908 shall stand pat on the tariff, go back on the railroad regulation matter, give up the destruction of trusts as a conundrum, and otherwise fall short of the demands of the people. Where would Iowa be then? Right at the top of the Bryan column the morning after election.

How many of our readers can tell us what the stripes on the barber pole signify? You see the pole with its stripes and you know there is a barber shop back of the pole, but here the knowledge of the average person ceases. In the early days barbers did the bleeding for the community and surgeons were not as plentiful as now. The first thing thought necessary, way down to the time of George Washington's death, was that any patient should be bled. Tap him, and take a few ounces of blood from him, no matter how weak he might be. When Washington was at the last gasp, the fools bled him. Well, the red stripes on a barber pole mean the red ribbon bandages that barbers bound over the wounds caused by bleeding people. That's all. When they got through with a plethoric man of full habit and had tapped him like a hard maple tree in February, he was patched up and bandaged till his arms, legs and trunks looked like a much-gartered leg.

SOLDIERS SHOOT INTO TOWN.

One White Man Killed and Another One Is Wounded.

Brownsville, Tex., Aug. 16.—Because they had been refused privilege of drinking at bars with white customers, and several of them had been arrested for unseemly behavior on the streets, twenty negroes, members of a company of the Twenty-fifth infantry, at midnight Monday, went on a rampage, setaling away from the post, and entering Brownsville, firing several volleys down Main street. As a result Frank Natus, a bartender, is dead, a bullet from a Krag-Jorgensen rifle having pierced his heart, and Policeman Joseph Dominge is wounded in his arm and his hand shattered by a bullet and his horse shot from under him.

Twenty-three of the bullets entered the house of Louis R. Cowan, many went through the residence of F. E. Start and several bricks were shot from the walls of the Miller hotel near a window where guests were sleeping. After their depredations, the negroes returned to their quarters in the garrison.

The battalion at Fort Brown is composed of companies B, C and D, Twenty-first infantry.

Representations have been made to the governor and a request made that the negroes be removed immediately to avoid further trouble.

Will Send No Troops.

Dallas, Tex., Aug. 16.—Governor Lanham stated at 5 o'clock Tuesday evening that he would not send state troops to Brownsville. His latest information was that the negro federal troops who were guilty of the outrage at Brownsville are known to the federal commander and will be arrested and properly dealt with.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Twenty Murders Reported.

Warsaw, Aug. 16.—Attempts were made Wednesday in various streets to murder police officials. It is reported that 20 murders haye been reported to the authorities. At Wloclawek, Chief of Police Nirnomicz and Provincial Police Captain Pietro have been murdered.

Forest Fires Does Damage.

Bywabik, Minn., Aug. 16.—Several large forest fires are burning fiercely west and south of this place. Much damage has already been done. Many settlers have been forced to abandon their houses. Wild animals are invading the limits of the villages.

Thousands of Women

ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well.

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the female system, positively CURING disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), weakness, displacements, inflammation, ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

Crushes Man With Ax.

Jacksonville, Fla., Aug. 16.—An unknown man entered the home of Henry Davis, a prosperous farmer near Baldwin, struck him on the head with an ax as he was asleep beside his wife, then made a desperate attempt to criminally assault Mrs. Davis, who fought with the strength of a giantess, screaming lustily meanwhile for help. Finally other members of the family were aroused and the man escaped through a window. Mrs. Davis was besmeared from head to foot in blood from her wounded husband, who is in a critical condition. Mrs. Davis is also in a collapsed condition. A posse of neighbors has been out with dogs hunting for the fiend without as yet picking up the trial. Mrs. Davis says she could not tell whether the man was black or white. The entire neighborhood is greatly excited, and threaten speedy justice if the man is apprehended.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Believed To Be Miss Case.

Haverhill, Mass., Aug. 16.—It is believed here that Miss Azil Esac, the mysterious woman who has been seeking an interview with President Roosevelt at Oyster Bay, is Miss Isabel E. Case, of this city. Miss Case has been absent from her home here for some time. Miss Case has been interested in securing a pardon for a man serving a sentence in states' prison for manslaughter and she has been at the state house in Boston several times on that errand.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. D., writes: "I have used your wonderful Ballard's Horehound Syrup on my children for five years. Its results have been wonderful." Sold by W. M. Johnson.

Best Age World Has Known.

Warrensburg, Mo., Aug. 16.—In a speech here Tuesday Governor Joseph W. Fold, said in part: "We are in the beginning of the greatest moral awakening America has ever known. The next four years will be distinguished as the time in which the reign of lawlessness and privilege ended and equal rights for all became fixed in national policies and the conscience of mankind. The fact that the awakening against wrongs come when prosperity shows it does not proceed from a spirit of discontent, but springs from the moral sense of the people. We are entering upon the best age the world has known."

Oldest Fixed Date.

Chicago, Aug. 16.—Professor James H. Breasted, the Egyptologist of the University of Chicago, announced in an article published Tuesday that "the oldest fixed date in history," is 4241 B. C. In that year he says, the calendar was established, the year begining on what would now be July 19. Consequently the calendar now in use was 6147 years old last month. The professor arrived at these conclusions during his long exploration trip in the Nile valley, when he compared the astronomical dates in the old and middle kingdoms of Egypt. Professor Breasted but recently returned from Egypt.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Edwards Has Almost Recovered.

Washington, Aug. 16.—Brigadier General Clarence R. Edwards, chief of the bureau of insular affairs, who is at Ft. Bayard, Mex., undergoing treatment for throat trouble, is reported to be almost recovered and will return to his duties in Washington about Nov. 1.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich.

Set Back for Cheap Gas.

Kansas City, Aug. 16—Kansas City's fight for cheap gas received a setback Tuesday night when the Chicago capitalists, who recently were granted a thiry-year franchise to sell the city natural gas at 25 cents a thousand feet for domestic use and 10 cents for manufacturing purposes, notified Mayor Beardslee that they could not accept the proposition. The franchise, they said, carried too many restrictions. At Independence, Mo., near here, Tuesday at a special election, the action of the city council there in granting a franchise to furnish natural gas at 25 cents a thousand feet was ratified.

Announcement Causes Consternation.

Washington, Aug. 16.—Brazil's announcement of the reduction of tariff on American flour has produced consternation in Argentina. Dispatches from Buenos Ayres announce that Argentina is preparing to make a 20 per cent reduction on Brazilian products admitted into Argentina in the hope of getting a tariff rate from Brazil on flour which will prevent American millers from monopolizing the Brazilian flour market. Wheat and the other grains used as breadstuffs are cultivated as extensively in Argentina and the milling of that republic have become extensive.

Sacrifices Life to Save Three Girls.

Allentown, Pa., Aug. 16.—In his successful attempt to save the lives of three girls, Daniel Colt, aged 21 years, a brakeman on the Ironton railroad, lost his life Tuesday. His train was backing through a cut when he saw the women. The space was narrow between the track and the banks, and Colt fearing they might be caught, signaled to the engineer to stop. Colt's gesticulations caused the engineer to shut off steam so suddenly that the train was violently jarred. Colt was thrown under the wheels and killed.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

King Edward at Cronberg.

Cronberg, Hesse-Nassau, Prussia, Aug. 16.—King Edward arrived here on a special train from Frankfort at 8:45 o'clock Wednesday morning. Emperor William and Prince and Princess Frederick Charles, of Hesse-Nassau, met him at the railroad station. The emperor assisted the king in alighting and then they kissed each other on both cheeks. The meeting was very cordial.

SAVED BABY LYON'S LIFE

Untold Suffering and Constant Misery—Awful Sight From that Dreadful Complaint, Infantile Eczema—Commenced at Top of his Head and Covered Entire Body.

MOTHER PRAISES CUTICURA REMEDIES

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. The family doctor seemed to be wholly incapable of coping with the case, and after various experiments of his, which resulted in no benefit to the child, we sent to Mazon, Ill., to a druggist and got a full set of the Cuticura Remedies and applied as per directions, and he began to improve immediately, and in about three or four days began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered, with the exception of a rough skin, which is gradually disappearing, and eventually will be replaced by a healthy one.

"Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld, prior to the treatment of the Cuticura Remedies. Mrs. Maebelle Lyon, 1826 Appleton Ave., Parsons, Kan., July 18, 1905."

COMPLETE TREATMENT $1

Complete external and internal treatment for every humor, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, from infancy to age, when all else fails.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Send for "The Great Skin Book."

Charged with Embezzlement.

New York, Aug. 16.—On the cable complaint from the chief of police of Buda Pest, Hungary, a second cabin passenger on the Kaiser Wilhelm II, which arrived in Hoboken Tuesday, on the passenger list as Gustav Friendman but whose real name is said to be Fabara, was arrested on the the charge of embezzlement. The money was said to be taken in Hungary, and amounted to $4,400. Fabara was ordered to be deported as a prisoner.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

For rates and reservations apply to BERT J. HOLT, Seabreeze, Fla.

The question of Title the first consideration for the investor.

ABYSSINIAN APES.

They Have Chiefs, Guards and Sentries When on the March.

Very similar reports are made from different parts of north Africa in regard to the monkey tribes that occupy that continent from Morocco to Abyssinia. Just how far tribal relations may have tended to vary the species is a question quite as important as that of language. Some points of interest are found in an English book, "A Visit to Abyssinia." Says our author:

"I have mentioned that large numbers of monkeys frequent these hills. They move about in organized bands, and their proceedings are arranged in the most orderly and tactical manner. They are difficult to approach unless it is gradually and cautiously done, but mounted on a camel I have succeeded in getting within a few yards of them when they were crossing the path ahead of me, about fifty in single file following their leader and looking with their manes like small lions.

"Their movements are full of interest and well repay observation. They have chiefs, sentries and advanced and rear guards on the march. The mothers carry their children on their backs exactly like the larger human creatures in these countries. They talk and chatter, the females being especially loquacious, quarrelsome and combative. These are clearly under the command of the elder males, whose gesture alone is sufficient to reduce them to obedience. They live in small caverns among the hills, but will most certainly avoid a direct return to their haunts if followed.

"They are less timid of men when these are mounted on camels than when on foot, experience having doubtless taught them that the former is usually traveling to a destination and that his steady, jogging pace is rarely interrupted by his curiosity. On one occasion, seeing a whole family tribe on the road home after a foraging excursion, I successfully tempted some of the younger ones to leave their ranks by quietly rolling pieces of bread and sugar at them, but the older members were above such weakness and went on in a stately way up the hill, disappearing over the ledge and removing the youngsters as they retired."

POINTED PARAGRAPHS.

It is easy to expect others to set good examples.

When opportunity knocks it doesn't use a hammer.

Despair is the undertaker that carts off our dead hopes.

Occasionally a man rises from nothing to something worse.

Prodigals have always exceeded the supply of fatted calves.

It doesn't require much practice to acquire the art of being lazy.

Many a man who takes himself seriously is looked upon as a joke by others.

Imagination is responsible for half of our troubles, and our fool actions are responsible for the other half.

When a wise man bestows a favor he immediately forgets it. When a fool receives a favor he does likewise.—Chicago News.

Don't Cross Your Legs.

"The prevalence of appendicitis is an admitted fact," said a surgeon. "I have myself operated on 719 persons for the disease. Crossing the legs is responsible for a good deal of this trouble. That sounds strange, doesn't it? Nevertheless it is a theory advocated by more than one great surgeon. Indeed I know some men who say that if people never crossed their legs appendicitis would quite disappear. You see, crossing the leg squeezes and cramps the delicate vermiform appendix. Squeezed and cramped, the appendix becomes irritated. Inflammation sets in. Intense pain comes. Then—presto—you are on your back, the sweet and heavy fumes of chloroform are choking you, and the appendicitis specialist bends over you with a sharp knife."—St. Louis Globe-Democrat.

What They Meant.

A Scotch clergyman named Fraser claimed the title and estates of Lord Lovat. He tried on the trial of the case to establish his pedigree by producing an ancestral watch on which were engraved the letters S. F. The claimant alleged that these letters were the initials of his ancestor, the notorious Simon Fraser, Lord Lovat, beheaded in 1747 for supporting the young pretender. The letters, engraved under the regulator, were shown to stand for "Slow, Fast," and the case was laughed out of court.

The Diver Bird.

A Dundee correspondent writes: While swimming on a lake with her brood of five a diver bird was shot and, although mortally wounded, collected her young ones and dived for their safety. When her dead body floated to the surface the five little birds were still clinging with their beaks to her wings, but all had been suffocated by remaining too long under the water.—London Mail.

MOZLEY'S
LEMON
ELIXIR
The Ideal Laxative.
There are no unpleasant effects from MOZLEY'S LEMON ELIXIR, but its action is thoroughly effective. It regulates the Liver, Stomach, Bowels and Kidneys, cleanses the system of all impurities, but does not gripe or produce the least unpleasantness. MOZLEY'S LEMON ELIXIR, unlike other laxatives, has a most pleasing taste, children even beg for it. 50 cents and $1.00 per bottle.

NEW ENGLAND TAVERNS.

Rough and Ready Liquor Laws of the Early Days.

In the early settlement of New England taverns were found to be a necessity, and hence were established by law. They were usually under the sanction and surveillance of the town officials, says Mr. Hudson in "The History of Concord, Mass.," and these officials had to grant, limit or revoke an innholder's license, either as a victualler or a seller of liquors.

The keeper of the ordinary might be a deacon, a military officer, a civil official or a deputy to the general court. His house was a convenient place for convocations, important or unimportant, and there might be held in it a parish meeting, a military election, a council of clergymen or an assessors' talk.

So important was the ordinary that its affairs, such as the establishment of prices, the limitation of patronage and the quality and quantity of goods to be sold, were regulated by colonial law.

In order to discourage the use of strong drink at these places it was enacted about 1634 by the colonial court that not over a penny a quart should be charged for all purchased out of mealtimes. It was also ordered that not more than a penny a drink should be charged for any beverage. This was done to make the business of dramselling unprofitable. At another time it was enacted by law that every innkeeper should sell good beer, "lest a traveler for want of it might purchase wine."

A law was passed at an early date by which a person appointed for the purpose could join a drinking company at a tavern and countermand any order made by any member of it for a drink in case he believed the member was drinking too much, and he could also direct how much liquor could be drunk.

At one time no tavern keeper was allowed to permit guests to remain at his house "tippling in an idle way." In 1654 a penalty was enacted for rude singing at inns, and the court also undertook at one time to determine how much a man might drink without being considered drunk.

POETRY IN MACHINERY.

Glorious Work of the Modern Reaper a Fit Subject For Art.

Poetry and art have these many years pictured the labors of men and women in the harvest field. From Ruth, the gleaner, to Millet's "Reaper" we have read the long, melancholy story of the toilers gathering with crude, wasteful, inhuman hand tools the crops of the world that the nations might have bread. Rightly understood, these two women, living so far apart, are pathetic monuments to the astounding stupidity that could permit such things when, as we now see, by taking thought a machine can release humanity from such senseless labor. With a singular perversity artists have delighted to paint pictures of foolish toil. Even now the critics tell us that neither the mower, the reaper, the thrashing machine nor the sulky plow is a fit subject for a picture.

Never was there a greater blunder. The glory and majesty of our mighty harvests, won for the feeding of the world with so little labor that the vast wheatfields seem lonely, the smoking clouds of chaff and straw blown high in the air from whirring thrashers, the great companies of men and horses marching to the horizon as the plows turn side sweeps of sod to the sun, the gang drills sowing mile long lacelike threads over the brown earth where springs the growing crop—these and a hundred other scenes are fit themes for any poet. In our fields are no sad multitudes of ill paid, short lived peasants, crushed and bent by the iniquity of the sickle. Why sing the sad song of the reaper when a grand, inspiring epic of the harvesting machine awaits the poet and painter who can see and understand?—Charles Barnard in Reader.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. Daniel.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 450, St. Louis, Mo. Send for testimonials. Sold by J. W.

Henry Bassett of Orlando has accepted a position as salesman at the store of the Baird Hardware Company. He expects to bring his family here about September 1. They will be gladly welcomed.

Attorney C. C. Thomas, who has been making his home between Gainesville and Starke for the past year, requests The Sun to announce that he has returned to Gainesville permanently, and will resume his regular practice here.

Lost or stolen, from my place, Thursday, two pointer puppies—one dog and one gyp—about two and a half months old; dog is white and liver colored, and gyp white with lemon spots. Liberal reward will be paid for their return to my home. J. R. Fowler.

Sam Leonard, representing Smith Bros., Savannah, has returned from a trip through South Florida in the interest of his firm. Mr. Leonard reports a good business, and declares he never saw the people generally in South Florida in a more prosperous condition.

Mrs. H. E. Taylor and son, Earl, will sail today via Clyde Line for New York. After a day or two spent in the National metropolis, they will proceed to Newark, N. J., where they will remain for the next few weeks, the guests of Mrs. Taylor's mother, Mrs. S. J. Higgins.

Mrs. W. B. Higdon has returned from Kissimmee, where she has been for the past few weeks on a visit to relatives. Friends will be glad to learn that she has about recovered from the accident she sustained a short time ago, when she was thrown from a buggy and received several sprains and bruises.

Mrs. J. W. Ettel, formerly of this city but now residing at White Springs, spent yesterday here with her son, Joseph A. Ettel, at the Brown House. Mrs. Ettel is the landlady of The Hamilton, one of the best hotels in that section of Florida. She states that the water is down, and that the famous spring water was never in better condition than now.

J. G. Torrey, for many years connected with the Atlantic Coast Line in this city, during the latter part of which time he was chief clerk in the office of District Superintendent Ford, is renewing old acquaintances and friendship here. Mr. Torrey is now with the Atlantic Coast Line at Jacksonville, and holds a responsible and lucrative position.

Mr. and Mrs. W. H. Christopher of Jacksonville, who came down to attend the wedding of their niece, Miss Mayme Finley, and Mr. William S. Broome, have returned to their home. They have many friends here who are always delighted to see them.

Mr. and Mrs. J. H. Jarvis and son, Hardie, left yesterday for Monteagle, Tenn., where they expect to enjoy the invigorating breezes of the mountains for the next two weeks. Friends wish them a pleasant and beneficial sojourn, which will no doubt be the case.

C. N. Atkinson, general manager of the Gainesville and Gulf railroad, has returned from New York, where he has been for some time on business connected with the road. Mr. Atkinson states that the weather in the North has been exceedingly warm, and that he is glad to return to Florida.

Friends of J. E. Futch will be pained to learn that he is confined to his home on East Church street with illness. Mr. Futch has been sick for several days, but Wednesday decided he would proceed to Alachua, where he is engaged in the mercantile business. When he reached the railroad station, however, he deemed it advisable to return to his home for a while longer.

F. W. Long, a prominent contractor in street paving for Jacksonville, is in the city. Mr. Long, having heard and read so much in favor of the Alachua county rock as a paving material, came for the purpose of investigating the same. He expects to take samples from all the quarries in the county, or in this immediate vicinity, and will test the same. It may mean a big thing for the owners of rock quarries here, as Mr. Long has extensive contracts in Jacksonville.

Mrs. O. C. Tousey and daughters, Misses Annie and Beulah, have gone to Cedar Key for a few days' recreation. Miss Annie is operator of the local telephone exchange of the Southern Bell, and has proved herself most competent in that position. Always courteous to patrons, and always quick and active to conditions, she has made many friends who have no doubt already missed her. Miss Tousey has many friends here who wish her, her mother and her sister a pleasant va-
